Provisions of the Calcutta Municipal Act, 1923, with modifications to be extended to the Municipality of Howrah.

Provided that the Chairman and the Vice-Chairman holding office at the time of the publication of this notification shall continue to hold office and exercise the powers conferred on them by the Bengal Municipal Act, 1884, and the rules framed thereunder as in force in Howrah until the President and the Deputy President are elected under this section and until the Executive officer is appointed with the approval of the local Government under section 51 ;

Provided also that the first election of the President and the Deputy President shall be held on such date as may be fixed by the local Government in that behalf.

(*2*) If any vacancy occurs in the office of **President** or Deputy **President,** the **Commissioners at a meeting** shall elect one of their number to fill such vacancy and the **President** or Deputy **President** so appointed shall continue in office so long only as the person in whose place he is appointed would have been entitled to continue in office.

Section 12. (*1*) The **Municipal Commissioners** may, by a resolution passed at a **meeting specially convened for the purpose,** delegate to the Executive Officer any of the **Commissioners'** powers, duties or functions **under the Bengal Municipal Act, 1884, or** under the **Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah** or under any rule or by-law made thereunder.

(*2*) The Executive Officer may, by a general or special order in writing, re-delegate to any municipal officer any of the powers, duties or functions which have been delegated to him by the **Commissioners** under sub-section (*1*).

(*3*) The Executive Officer may, by a general or special order in writing, delegate to any municipal officer any of the powers, duties or functions conferred or imposed upon or vested in him under **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah** or under any rule or by-law made thereunder :

Provided that when, by any order made under this sub-section, any power to enter premises between sunset and sunrise is delegated to any municipal officer, the name of such officer, as well as his official designation, shall be specified in the order.

(*c*) in the event of the illness or absence from **Howrah** of all the persons mentioned in clause (*a*), by any two other persons appointed in that behalf by the Executive Officer and approved by the **Commissioners at a meeting.**

The 25th August, 1928.

No. D.-4513-R.-II./28.—The following Resolution by the Secretary of State for India in Council is published for general information:—

THE SUPERIOR SERVICES (INDIA) FAMILY PENSION FUND RULES.

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of a majority of votes at a meeting of the Council of India held on the fifteenth day of August 1928, hereby makes the following Rules, namely:—

SECTION I.—*General.*

1. These Rules may be called the Superior Services (India) Family Pension Fund Rules.

2. The sums contributed or paid as hereinafter prescribed shall be credited to an account entitled "the Superior Services (India) Family Pension Fund," to which shall likewise be debited the pensions or other benefits payable under these Rules. At the close of each half-year the Fund shall be credited with interest on the mean of the balances as they stood at the beginning and end of such half-year at such rates as may from time to time be fixed by the Secretary of State in Council. The balance standing at any time to the credit of the Fund shall be a sterling liability charged on and payable out of the revenues of India.

3. The management of the Fund shall be vested in the Secretary of State for India in Council, who may, by alteration of these Rules, make such changes in the rates and conditions of contribution and benefit as he shall from time to time think necessary. Every such alteration shall, in the absence of provision in the Rules to the contrary, take effect from the first day of the month following the date of publication of the amendment in the "Gazette of India:"

Provided that no such alteration shall operate to reduce the pension payable to any person already in receipt thereof, other than the withdrawal or reduction of any increase granted temporarily.

4.—(1) The Secretary of State in Council shall, from time to time, at such periods as he may determine, place the accounts of the Fund, together with statistics of the ages, births, marriages and deaths of the subscribers and of their dependants, before such Actuary or Actuaries as he may select, with instructions to examine them and report thereon.

(2) The Report of the Actuary or Actuaries shall be published in such manner as the Secretary of State in Council may direct.

5. The cost of the actuarial examination and Report aforesaid, together with all other expenses incurred in connection with the administration of the Rules, shall be borne by the Secretary of State in Council.

SECTION II.—*Rules relating to Contributions and Benefits (Compulsory Membership).*

6.—(1) The Rules in this Section apply to all pensionable European and Anglo-Indian officers appointed by the Secretary of State in Council on or after September 1st, 1928, to any of the services shown in the First Schedule or to any posts declared by the Secretary of State in Council to be scheduled posts for the purposes of these Rules:

Provided that any such officer appointed by the Secretary of State in Council who is a member of a service contained in the said Schedule or the holder of a shedule post on the said date, and is then under the age of 25 years, may, at his option, elect to come under the provisions of this section of the Rules. An officer who fails to exercise this option within four months of the above date shall not be permitted to become a subscriber under the provisions of this section.

(2) If any question arises as to whether this section of the Rules applies or does not apply to any individual officer the question shall be decided by the Secretary of State in Council, and his decision shall be final.

7. Every person to whom this section of the Rules applies (hereinafter referred to as a "compulsory subscriber") shall make, with effect from the date of his arrival in India to join his first appointment, or, in the case of a person who has elected to subscribe under the terms of the proviso to Rule 6 (1), from September 1st, 1928,

If at any time a subscriber is not in receipt of pay he shall not thereby be relieved of the obligation to pay the contributions due from him, but the Secretary of State in Council may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate or of extraordinary leave without pay, to be postponed until the expiration of such leave.

Any subscription remaining unrecovered under the terms of the proviso to Rule 7 shall, however, be recoverable from such invalid pension.

9. A compulsory subscriber who is dismissed from the service shall thereupon cease to be a subscriber, and his family shall cease to be entitled to any benefits under these Rules, nor shall the subscriber be entitled to any refund of contributions.

10.—(1) A compulsory subscriber who resigns or is removed from the service or who retires without being entitled to a pension shall thereupon cease to be a subscriber and his dependants shall cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum, the amount of which shall be fixed in each case by the Secretary of State in Council, whose decision shall be final; and it shall be open to the Secretary of State in Council before deciding upon the amount, if any, of such lump sum, to require medical evidence, in the form prescribed in the Sixth Schedule, of the health of all or any of the dependants of the subscriber.

(2) A compulsory subscriber who retires from the service on a compensation pension may elect, within three months of the date of retirement, to discontinue subscription under these Rules with effect from the date of his letter signifying such election; his dependants shall thereupon cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum on the terms and conditions set forth in the first part of this Rule.

11. The Rules in this Section shall apply to a compulsory subscriber who retires under the Premature Retirement Rules subject to the modifications laid down in Rule 14 of those Rules.

12.—(1) Every compulsory subscriber shall report his marriage, in the form prescribed in the Third Schedule, within one month of the date thereof or within one month of his arrival in India, if he was then married.

(2) Every compulsory subscriber shall report in the form prescribed in the Fourth Schedule, within one month of its occurrence, the birth of every child born alive in wedlock, or, if he was married and had children living at the date of his arrival in India, he shall report their names and dates of birth within one month of that date.

(3) The Secretary of State in Council may at his discretion declare a widow or child whose marriage or birth was not reported in accordance with these Rules ineligible for benefit.

(4) Every subscriber shall report within one month of its occurrence the death of any dependant eligible for benefit under these Rules.

13. Subject to the provisions of Rules 9, 10, 11 and 12 (3), the widow of a deceased compulsory subscriber and all children born to him in wedlock shall be eligible for the benefits specified in the Fifth Schedule.

14.—(1) The pension of a widow under these Rules shall continue in full during widowhood. It shall cease on her remarriage, but if she again become a widow she shall be entitled to revert to full pension as widow of her first husband, and, should her last husband have been a subscriber, to draw in addition pension as his widow.

(2) The pension of a male orphan shall be payable until he attains the age of 21.

(3) The pension of a female orphan shall be payable until the date of her marriage and shall not revive upon widowhood.

15.—(1) A posthumous child of a compulsory subscriber by a marriage duly reported in accordance with Rule 12 (1) shall be entitled to pension.

(2) No child shall be entitled to benefit under this Rule whose birth is not reported within 12 months of the occurrence.

16. On the termination of the marriage of a compulsory subscriber by divorce or annulment, the wife of the marriage so terminated shall be entitled to no benefit under these Rules. The subscriber shall report the dissolution of the marriage within one month of the date thereof.

17. A compulsory subscriber may, at his option, at any time during his service, make further provision for his family as a voluntary subscriber under Section III of these Rules.

SECTION III.—*Rules relating to Contributions and Benefits (Voluntary Membership).*

18.—(1) The Rules in this Section apply (*a*) to all compulsory subscribers who avail themselves of the provisions of Rule 17, (*b*) to all pensionable European or Anglo-Indian officers appointed before September 1st, 1928, by the Secretary of State in Council to services or posts classified as superior by rules made under the Government of India Act, (*c*) to any pensionable European or Anglo-Indian officers appointed to such superior services or posts before the 1st April 1924 by the Governor-General in Council or a Local Government and (*d*) to any European or Anglo-Indian officer appointed by the Secretary of State in Council before September 1st, 1928, to a post declared by the Secretary of State in Council to be a scheduled post for the purposes of these Rules. This rule shall apply to officers appointed as aforesaid who are in receipt of pension in respect of service in such appointment.

(2) If any question arises as to whether this Section of the Rules applies or does not apply to any individual officer, the question shall be decided by the Secretary of State in Council, and his decision shall be final.

19. Any officer to whom these Rules apply may at any time, subject to the conditions laid down in these Rules, provide for the payment of an annuity after his death to his wife or children or any of them on the terms set out in the Seventh Schedule, or may increase any such provision previously made:

Provided that the total annuity so secured to any one dependant, including any annuity payable under the Rules of Section II, shall not exceed the following:—

Notification of acceptance shall be given in England by the Controller of Pension Funds, India Office, and in India by the Accountant-General, Central Revenues: (*b*) in the case of pensions paid for by single premium, from the date on which, after acceptance of the application, the single premium is paid.

21. Contributions paid under this Section of the Rules confer a claim to benefit only on the particular dependant on whose behalf they are paid. The right to pension of a wife, subject to the provisions of Rules 22 and 23, shall not be affected by reason of the termination of her marriage by divorce or annulment.

22. A subscriber whose contributions under this Section are in arrear for a period greater than three months shall thereby forfeit all his past payments, and his dependants shall lose all claim to benefits, under this Section:

Provided that the Secretary of State in Council may permit resumption of contributions on such terms as he shall in each case decide:

Provided further that the Secretary of State in Council may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate, or of extraordinary leave without pay, to be postponed until the expiration of such leave.

23.—(1) A subscriber may at any time discontinue or reduce any monthly contributions payable by him under the Rules of this Section, in which case the dependants for whom the contributions so discontinued or reduced were paid shall be entitled, after his death, to modified pensions, the amount of which shall be decided in each case by the Secretary of State in Council, whose decision shall be final.

(2) A subscriber may at any time, on giving not less than one month's notice in writing, reduce or cancel the provision made for his wife or children under the Rules of this Section and may thereupon be granted a refund equivalent to the net liability of which the Fund is so relieved: but the Secretary of State in Council may require medical evidence of the health of each dependant in respect of whom a refund is payable in the form prescribed in the Sixth Schedule.

The amount of the refund shall be fixed in each case by the Secretary of State in Council and his decision shall be final.

24. A subscriber may at any time commute any level monthly contributions payable by him under the Rules of this Section on the terms specified in the Eighth Schedule.

ESTABLISHMENTS.

Simla, the 21st August, 1928.

No. F.-315/28.—The following Resolution passed by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by sub-section (2) of section 96-B of the Government of India Act, the Secretary of State for India in Council, with the concurrence of a majority of votes at a meeting of the Government of India held this 15th day of August 1928, hereby makes the following further amendment to the Premature Retirement Rules, namely:—

After rule 13 of the said rules, the following rule shall be inserted, namely:—

"14 (1) An officer who is a subscriber under Section II of the Superior Services (India) Family Pension Fund Rules and who retires with a pension under the Premature Retirement Rules may adopt, at his option, one of the following methods of retaining for his wife and children benefits admissible under the Fund Rules, namely:—

(*a*) He may cease to make any contributions under the rules, and shall then retain only the right to a proportion of the contingent benefits under the rules for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of completed years during which he has subscribed divided by 25.

(*b*) He may continue until the expiration of 25 years from the date on which he became a subscriber to make contributions under the rules at the rates which would have been payable by him from time to time had he remained in the Service. In that case he shall retain the full benefits admissible under the rules as if he had remained in the Service.

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him he shall be deemed to have elected the first of the above methods.

(2) The Secretary of State in Council shall make good to the Superior Services (India) Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule."

23. Exhibitors' Tickets.—One permanent ticket of admission will be supplied to each exhibitor as well as a reasonable number of passes, not exceeding two per stall, for the use of attendants and workmen in the employment of exhibitors. (*b*) *Fire Protection.*—While the Committee will provide hydrants and undertake other measures for fire protection, they cannot undertake or accept any responsibility in respect of any injury, loss or damage to person

or property arising from fire or any other cause whatsoever. Every exhibitor should therefore take such steps as he may deem necessary either by insurance or otherwise to protect himself against such a contingency.

(c) *Medical Aid.*—Arrangements will be made to provide free medical assistance and first aid on the Exhibition premises.

26. Sanitary Arrangements.—Exhibitors must have their stalls cleaned and refuse removed daily, at least 30 minutes before the Exhibition is open to the public. Necessary arrangements will be made by the Committee for getting the Exhibition Grounds cleaned every day.

27. Awards.—The system of awards will be competitive. Awards will be divided into four grades :—

(1) Gold Medal Diplomas,
(2) Silver Medal Diplomas,
(3) Bronze Medal Diplomas,

The silver and bronze medals will be given free of cost by the Committee. In the case of gold medals awarded, if the actual medal is desired, the cost must be defrayed by the successful exhibitor.

Prizes and medals will be distributed at the close of the Exhibition on a date, of which previous intimation will, as far as possible, be given to all successful exhibitors. Prizes will be awarded in respect of each group in the several sections. The judging will be done three days before the Exhibition is declared open to the public.

Exhibitors in making the applications for space should be careful to specify the group or section in which they wish their articles to compete. It is very desirable that all exhibits should be entered correctly under their proper class, so that none might be overlooked by the judges at the time of making the awards.

28. Refreshments.—Arrangements will be made to provide on the Exhibition Grounds, Indian and European refreshments, on payment at scheduled rates. No articles of refreshments, food, drink or smokes shall be hawked in or on any site, building or part thereof within the Exhibition.

29. General.—Enquiries, if any, for further particulars as well as all communications regarding the Exhibition should be addressed to the Secretary, Exhibition Committee, Exhibition Buildings, Railway Station Road, Mysore City.

In all matters concerning the Exhibition, the decision of the Committee shall be final.

(2) Of the seven wards withdrawn during the year, five had attained the age-limit of 17, one was withdrawn by her mother, as her circumstances had improved, and sent to a day school, and another was removed as she was absent without report for more than six months.

(3) Of the girls who had been withdrawn during the previous year and in respect of whom reports have been received during the year under review, one is engaged in teaching at the school in which she was educated, and one has joined the Bengal Telephone Company.

(4) At the close of the year there were 107 wards on the rolls against 104 in the previous year. They were distributed as follows :—

Loreto Convent, Entally	1st Boarding 33 2nd Boarding 18	...	51
Calcutta Girls' High School	... ...	...	12

(5) The following table affords particulars as to the class and religion of the wards at the close of the year :—

3. Those who have both parents alive ...	8	6	3	17
Total ...	65	32	10	107

(6) The health of the wards was on the whole satisfactory, but one ward who was in poor health was transferred to a school outside Calcutta and another was sent to the Meath Convalescent Home, Shillong, for a few months. Wards having defective sight were supplied with spectacles, and those whose teeth required attention received it.

IV. **Education and Maintenance.**—(1) The nature of the education given to the wards was that prescribed for Higher Grade Schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for Secondary Schools.

(2) The Governors are anxious that their wards should not be allowed to drift when they leave school and have accordingly asked the Visiting Governors to make, in consultation with the school authorities, some definite proposals, where this seemed desirable, in regard to the wards who have attained, or are about to attain, the age of 15, so that the last two years of their school life may be spent to the best advantage and be a preparation for earning a living. One ward was, on the recommendation of the school authorities, transferred from a Secondary to a Higher Grade School as she was found to be unfit for secondary education.

(3) One ward was sent up for the Trinity College of Music (Theory and Practice) and passed with honours. Another was sent up for the School Certificate Examination and passed, while the third who was sent up for the Government Scholarship Examination, failed. Some wards also appeared at the Cambridge Local Examinations held in December 1927. The results are not yet known.

(4) Under the rules a ward is not ordinarily allowed to remain on the Fund after the age of 17, when an outfit grant of Rs. 100 is generally given on application, to enable her to make a start in life. In cases where wards wish to be trained as teachers and have the support of the school authorities, or where some special training is recommended, or are preparing for higher examinations, some extension of the period of benefit is generally allowed. Four wards were granted extensions during the year under review.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 26-11 against Rs. 26-3-6 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

V. **Inspection.**—The Rev. Father F. Keyeux, S. J., was appointed Visiting Governor for the first half, and Mrs. H. Barton for the second half, of the year. They visited the schools in Calcutta having Bruce wards. Father Keyeux reports that the wards, in most cases, made on him the best impression; he found them in good health and in good spirits, with nice and open manners. He pointed out that the want of punctuality on the part of parents or guardians to send the children back after the holidays was a matter of complaint nearly everywhere. The Governors have accordingly requested the school authorities to report at once the name of any ward who does not punctually return to school after the holidays. Mrs. Barton reports that the wards all appear to be contented and happy, well cared for and in the best of health. It appeared to her that the girls were properly placed and that progress in study was satisfactory all round.

VI. **Meetings.**—Four meetings were held during the year, and among the resolutions passed the following may be noted :—

(*a*) That no ward elected be confirmed without a satisfactory medical certificate being submitted during the first year.

(*b*) That schools be asked to send medical reports annually on all wards.

(*c*) That no ward should be removed from school before the age of 17, without the previous permission of the Honorary Secretary in writing, and that the Visting Governor should first note upon the case.

E. F. OATEN,

Honorary Secretary to the Governors.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th August 1928.

Summary.—During the week the rainfall has diminished; the fall being generally light throughout the province. The present weather is favourable to the growth of standing crops in the water-logged tracts of East and North Bengal. The outlook of transplanted winter paddy is promising. Normal sowings are expected for the province as a whole. Cutting, steeping and washing of jute are progressing in highland tracts; elsewhere the operations are well advanced. A satisfactory harvest of autumn paddy is anticipated. Distress prevails in parts of Birbhum, Bankura and Dinajpur where the number of persons employed on test-relief works is reported as 135, 1,466 and 200 respectively. The average price of common rice for the province has fallen by about 0·18 per cent. as compared with that of the previous week.

RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION IN THE BENGAL PRESIDENCY FOR THE YEAR 1927.

GOVERNMENT OF BENGAL.

Police Department.

CALCUTTA, THE 29TH AUGUST 1928.

RESOLUTION—No. 4231 PL.

READ—

The Report on the Police Administration in the Bengal Presidency for the year 1927.

Mr. T. C. Simpson, C.I.E., held the post of Inspector-General of Police from the beginning of the year until the 11th April, when he was succeeded by Mr. A. E. O'Sullivan who officiated for the rest of the year.

Eastern Frontier Rifles.—The Battalion was maintained at full strength, and in spite of difficulties arising from the fact that detachments were frequently on duty in different parts of the province, the discipline and efficiency of the unit were highly satisfactory. While pleased with the present state of the Battalion as shown by the good work done, and the small number of dismissals and desertions, the Governor in Council views with some concern the steady increase in the number of resignations during the last five years and will give careful consideration to any scheme for making service in the Battalion more attractive.

Recruitment and Health of the Civil Police.—There was an increase of 149 in the permanent sanctioned strength of the subordinate police, a considerable portion of which was due to the strengthening of the town police in certain mufassal stations. The Governor in Council trusts that this addition to the force will have as satisfactory results as those which the Inspector-General says have followed the strengthening of the town police in Barrackpore in 1926.

The number of vacancies in the men's ranks was 405 which is less than 2 per cent. of the sanctioned strength of these ranks and, therefore, not alarming taken by itself, but the casualties for the year indicate that all is not well with the force. No fewer than 1,128 men resigned, while there were 121 desertions and 335 deaths. Out of 484 men who retired on pension, or gratuity, no fewer than 355 were invalided. Such heavy casualties react seriously on the efficiency of the force because they have to be made good by recruiting large numbers of men who remain ineffective for at least the training period of six months. The ineffective period, in fact, is generally longer, as the number of men who can be trained at Sardah is limited to 700 at a time, or 1,400 in the course of a year, whereas in 1927 the number of recruits was over 2,700. Thus, in addition to men undergoing the recruits' training course at Sardah, there were large numbers of untrained men in the districts. As explained by the Inspector-General, untrained men including men at Sardah are not available to take the place of trained men on leave, with the result that leave had to be restricted mainly to men for whom it was necessary on medical grounds. The bad effect of this on the contentment and health of the force needs no elaboration. Convinced by the evidence provided by the figures of casualties that the conditions of service in the police were unsatisfactory, Government decided to ask the Legislative Council for a grant to make it possible to raise the pay of constables from the present scale of Rs. 16—20 per month to one of Rs. 20—24 which, however, was refused. The demand was restored by His Excellency the Governor in exercise of his powers under section 72 D of the Government of India Act.

The Governor in Council has in recent years commented on the effect of bad housing conditions on the health of the force. He, therefore, regrets that inadequacy of funds made it impossible to make any great improvement in this direction, but he trusts that as new type plans of less expensive buildings have now been prepared, progress will be made with a comprehensive building scheme to be financed out of loans. His Excellency in Council observes that in the United Provinces, with the aid of a large loan from the Government of India, an extensive building programme has been drawn up, and trusts that it will be possible to take similar action in Bengal where conditions of service are probably much more trying than in the United Provinces.

Discipline.—Although there was an increase in the number of men judicially and departmentally punished as compared with 1926, the Governor in Council is pleased to read that there was a big decrease in the number of major departmental punishments and also in the number of criminal charges preferred by private individuals against the police. No fewer than 48 per cent. of such of these cases, as were disposed of, were summarily dismissed, 40 per cent. ended in acquittal, while only 11·6 per cent. ended in conviction, these results clearly indicating the danger to which Police officers are exposed from maliciously false charges. The counter-case is a common form of tactics in private criminal litigation in Bengal, and it is evident that such tactics are frequently resorted to by persons against whom police officers have to proceed in the course of their investigation. The Governor in Council shares the Inspector-General's regret that action was taken against only a very small proportion of persons bringing false complaints against police officers, and agrees with him that the prosecution of such complainants would go far to reduce their number. The results of civil suits instituted by private individuals against police officers were also satisfactory from the point of view of the police, only one case out of seventeen disposed of in the course of the year being decided against the defending officer.

Crime Statistics.—As compared with 1926, there was an increase in the total number of cognizable cases reported, but the figures are considerably less than those of 1924 and 1925. This remark applies also to the figures of true burglary and theft cases, but dacoities show a big increase as compared with 1925 and 1926, though they are still well below the number reported in 1924. The Governor in Council agrees with the Inspector-General that bad economic conditions are largely responsible for the increase.

His Excellency in Council notes with satisfaction the decrease since 1924 in the number of reported cases of crime on the railways, especially on the East Indian Railway where the figures have fallen from 6,273 to 1,876.

The percentage of cases brought to trial was practically the same as in 1926, and among such cases there was a slight improvement in the percentage of convictions, Bengal again comparing favourably in this respect with other provinces among which only Madras shows better figures. The Governor in Council has read with interest the Inspector-General's remarks on the work of District Detective Departments, and is prepared to consider proposals for the establishment of such departments in some of the districts in which they do not now exist.

The Inspector-General has again brought to notice the delay in the disposal of cases brought to trial. Since 1924 there has been a steady decline in the percentage of cases in which there have been only two remands, and there has also been a considerable increase in the actual numer of cases remanded more than six times. The Governor in Council is satisfied that one of the reasons for this unsatisfactory state of affairs is that the magisterial staff is inadequate, and has decided that the number of Magistrates should be increased if funds can be made available for the purpose. He has also directed Commissioners of Divisions to satisfy themselves that orders which have been issued with a view to minimise delay

are duly observed by District Magistrates and Subdivisional Officers, while police officers have been directed to eliminate, as far as possible, such causes of delay as the undue prolongation of investigation after the arrest of suspected persons, the production of an unnecessarily large volume of evidence, and the failure to secure the attendance in Court of prosecution witnesses.

The Inspector-General has given instances of inadequate sentences and the inappropriate use of section 562 of the Criminal Procedure Code under which certain classes of convicted offenders may be released on giving security for their good behaviour. The Governor in Council desires the Inspector-General to impress on local police officers the necessity of bringing such cases to the notice of District Magistrates without delay as they occur.

Rural Police.—The Governor in Council notes with regret the fact that the Inspector-General again finds it necessary to remark on the unsatisfactory state of the rural police, but hopes that as union boards acquire experience and grow more efficient, the position will improve. He trusts that in his future reports the Inspector-General will be able to devote some space to an examination of the extent to which these bodies have shown a real interest in the prevention and detection of crime and have co-operated with the regular police in such work.

Revolutionary Crime.—There was only one overt criminal act of a political character in the course of the year, and Messrs. Armstrong and Lowman are to be congratulated on the success of their department in preventing a recurrence of the outrages which were so prevalent some years ago, but in view of the persistent attempts on the part of certain persons both in India and abroad to disseminate propaganda of a revolutionary character, the Governor in Council is convinced that constant vigilance on the part of the Intelligence Branch is essential.

His Excellency in Council has read with pleasure the list of officers whose services have been specially brought to his notice and thanks Mr. O'Sullivan and all ranks of the force for the good work which they have done under conditions which are not always encouraging.

Order.—Ordered that copies of the resolution be forwarded to the Inspector-General of Police, Bengal, the Commissioner of Police, Calcutta, and all Commissioners of Divisions, for information.

Ordered also that the resolution be published in the Calcutta Gazette.

By order of the Governor in Council,

DEPARTMENT OF COMMERCE.

RESOLUTION.

TARIFFS.

Simla, the 1st September 1928.

No. 235-T. (24).—1. The report of the Tariff Board regarding the grant of protection to the match industry was published for general information this morning.

2. The Government of India accept the finding of the Board that the match industry in India fulfils the three conditions laid down by the Indian Fiscal Commission and should be protected. The Board recommend that the present duty of Rs. 1-8-0 per gross should be maintained and converted into a protective duty. The Government of India accept this recommendation and propose to introduce legislation during the coming session to give effect to this decision.

3. The Government of India agree with the Tariff Board that no limit should be fixed for the period of protection. They do not contemplate, however, the retention of the duty at the high rate of Rs. 1-8-0 per gross for any long period. This high rate of duty is necessitated mainly by the existence of an international combine with large financial resources and controlling the manufacture and sale of matches in a large part of the world, and partly by the preference displayed by the consumer for the imported article, a preference which should gradually diminish as the match made in India establishes its reputation. If it became evident that the Swedish Match Company had definitely adopted a policy of supplying the Indian market by matches made in India, and if it appeared that the prejudice against the Indian match, similar in quality to the imported match, was disappearing the amount of duty would be open to reconsideration.

4. The Tariff Board consider that the manufacture of matches is not a fit industry for development on cottage lines, and cannot recommend any special measures for the encouragement of cottage match factories. The Government of India accept this finding.

5. The Tariff Board recognise that in certain circumstances an excise duty may properly be levied on matches manufactured in India, and the Government of India agree that conditions may arise rendering the imposition of such a duty desirable. They do not, however, contemplate the imposition of an excise duty at present.

6. The Government of India accept the finding of the Board that in present circumstances no action is called for against the Swedish Match Company on the ground of unfair competition. The Board recommend that, should developments indicate that the Company is acquiring undue control to the detriment of the Indian industry, Government should take steps to safeguard this industry. The Government of India consider that if it appeared probable that the Swedish Match Company would obtain a monopoly of the manufacture and sale of matches in India, this would create a new situation which would necessitate a re-examination of the position.

ORDER.—Ordered that a copy of the above Resolution be communicated to all Local Governments and Administrations, all departments of the Government of India, the Director-General of Commercial Intelligence and Statistics, the Central Board of Revenue, the Indian Trade Commissioner in London, the Secretary, Tariff Board, the Secretary to the High Commissioner for India, London, His Majesty's Trade Commissioner in India and the Canadian Government Trade Commissioner in India.

Ordered also that it be published in the *Gazette of India*.

SENATE HOUSE, *the 3rd September 1928.* J. C. GHOSH, *Registrar.*

CALCUTTA UNIVERSITY.

NOTIFICATION.

The following subject is selected for the essay for the Jogendrachandra Ghosh's Research Prize in Comparative Indian Law for the year 1928 :—

"Law of Suretyship under the Smritis and liability to pay debts by Sureties, as modified by Case Law."

The attention of the intending candidates is expressly called to the following conditions laid down for the prize :—

(*i*) By Comparative Indian Law shall be meant the Hindu Smriti Sastra called "Byabaharkhanda" and a comparison of the standard Sanskrit authorities on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Council, and the law as laid down in leading cases. The study, which it shall be the object of the prize to encourage, is the history of the Hindu Smriti Sastra as it existed at and from the time when India came under British Rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts, but also to those which, having been in operation for a time, have now been repealed or become obsolete and regard being also had not only to the existing leading cases, but to cases which were considered leading at one time, but have now been overruled, and how and to what extent such alteration has affected Hindu society.

(*ii*) The essay may deal with the whole of the Indian Comparative Law as before defined or with part or parts thereof; but in no case shall an essay be entitled to competition which in any way attacks the religious belief, usages or institution of His Majesty's subject.

(*iii*) By Adhyapak shall be meant scholars of the Smriti Sastra, students of the Smriti in the Government Sanskrit College in Calcutta, and in the *tols* of indigenous Brahmanical schools which send in candidates for the title examinations held in that College, and students in other similar institutions in India.

(*iv*) Every candidate for the prize shall be required to indicate generally in a preface to his thesis, and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portion of the thesis which he claims as original. He shall further be required to state whether his research has been conducted independently, under advice or in co-operation with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

(*v*) Successful candidates shall be required to publish their essays, and if necessary they shall receive help from the University for the purpose.

(*vi*) The essay or essays shall be written either in English or in Bengali, but if any competitor sends in an essay in vernacular language other than Bengali he shall be bound to furnish English translation thereof.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for August 1928.

I. **Character of the season.**—During the month under review, the rainfall was above the normal except in the districts of Murshidabad, Jessore, Burdwan, Birbhum, Bankura, Darjeeling, Bogra, Mymensingh, Faridpur, Bakarganj, Chittagong and Noakhali, where it was slightly below the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Cutting, steeping and washing of jute and reaping of autumn crops were proceeding under favourable conditions. Transplantation of winter paddy seedlings was almost completed during the course of the month. About normal sowings are expected for the province as a whole.

III. **State of standing crops.**—The outlook of standing crops including transplanted paddy was reported to be promising.

IV. **Prospects and probable outturn.**—The outturn of autumn crops is expected to be satisfactory and that of sugarcane fair.

V. **Damage to standing crops.**—Some damage to jute and other standing crops by insect-pests and heavy rain is reported from parts of the 24-Parganas, Nadia, Murshidabad, Jessore, Hooghly, Rajshahi, Bogra, Malda and Faridpur and the State of Cooch Behar.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from about thirteen districts.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder continued to be reported from parts of Murshidabad, Birbhum and Dinajpur.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality rose in four districts, fell in three and remained stationary in the rest of the Presidency. It varied from $4\frac{3}{16}$ seers per rupee at Rangpur to 7 seers per rupee at Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair except in parts of Birbhum, Bankura and Dinajpur where distress continued to prevail owing to a partial failure of the winter rice. Test relief works continued to help the people of these districts. In Birbhum relief works were again open during the latter part of the month on a limited scale.

TABLE OF FEES UNDER THE INDIAN REGISTRATION ACT, 1908.

[*N.B.*—In these articles "section" means a section of the Indian Registration Act, 1908.]

1.—Ordinary Fees.

A. (*1*) The fees payable for the registration of the documents described below shall be calculated on the following *ad valorem* scale according to the value of the right, title and interest affected, when such value is expressed in the document :—

	Rs.	A.
When the value does not exceed Rs. 50	0	8
When the value exceeds Rs. 50 but does not exceed Rs. 100 ...	0	12
When the value exceeds Rs. 100 but does not exceed Rs. 250 ...	1	0
When the value exceeds Rs. 250 but does not exceed Rs. 500 ...	3	0
When the value exceeds Rs. 500 but does not exceed Rs. 1,000 ...	4	0
For every additional Rs. 1,000 or part thereof	2	0

Description of documents.

Conveyances and bills of sale, deeds of gift or dower settlements, deeds of partition, leases, deeds of mortgage or instruments of further charge, bonds of all kinds except indemnity and security bonds, assignments of any interest secured by a bond or mortgage deed, policies of insurance, bills of exchange and promissory notes, and generally all other documents* of the nature of those hereinbefore mentioned.

(*2*) When the value of the right, title and interest affected is not expressed in such documents, a fee of Rs. 20 shall be payable.

Explanation—(*1*) In cases of conveyances and bills of sale where any consideration is expressed, such consideration ; in the case of a deed of gift, the value of the property thereby disposed of ; in cases of deeds of dower and settlement, the amount of dower and the value of the property settled ; in the case of a document securing periodical payments other than a lease, the amount payable for one such period in addition to any amount other than such periodical payments, paid or payable as consideration for such document ; and in the case of bonds, mortgages and instruments of further charge, the amount thereby secured, shall be taken to be the value of the right, title and interest affected within the meaning of this article.

(*2*) In the case of leases as classified below, the amounts specified against each class shall be taken to be the value of the right, title and interest affected within the meaning of this article :—

Class of leases	Amount representing the value of right, title and interest affected.
(*a*) A lease by which the rent is fixed, but in respect of which no premium or fine is paid or delivered and no money is advanced, and which is granted—	—
(*i*) for a period of less than one year, or	The total sum payable under the lease.
(*ii*) for a specified period of one year or more, but not exceeding 10 years ; or	An amount equal to the average annual rental.
(*iii*) for an indefinite period, or (*iv*) for a period exceeding ten years, or (*v*) in perpetuity.	An amount equal to two years' rent.†

* The following classes of documents are included :—

"An Acknowledgment or an ordinary Receipt for money received, Certificates of sale, Releases whereby a person renounces a claim against any specified property, not being the subject of previous registered encumbrance, Award directing a partition, Declaration of Trust of the nature of Settlement, Deeds for exchange of property, Transfer of lease for a consideration, Assignment by a partner of his share and interest to his Co-partners on the dissolution of partnership for a consideration." (*Vide* Inspector-General of Registration's circular No 9, dated the 25th February 1915)

† The following instructions should be followed in calculating the two years' rent :—

(1) In the case of leases for an indefinite period, the amount payable for the first ten years should be calculated and one-fifth of the said amount should give the two years' rent.

(2) In the case of leases for a period exceeding ten years, the total amount payable for the period mentioned in the leases should be calculated and then divided by the number which represents half the said period. Thus, if the lease be for twenty years, the two years' rent would be the total rent for twenty years divided by ten.

(3) In the case of leases in perpetuity, the rent payable for the first fifty years should be calculated and then divided by 25. This would give the two years' rent. (*Vide* Inspector-General of Registration's circular No 2, dated the 9th January 1915.)

Class of leases.	Amount representing the value of right, title and interest affected.
(*b*) A lease which is granted for a fine or premium or for money advanced, and by which no rent is reserved.	The amount of the fine, premium or money advanced.
(*c*) A lease which is granted for a fine or premium or for money advanced in addition to rent reserved.	The total of (*1*) the amount of the fine, premium or advance, and (*2*) the amount which would be calculated in the case of the lease under clause (*a*) if no fine, premium or advance had been paid or delivered.

(*3*) In the case of partition deeds the value of the share or shares on which stamp duty is payable under article 45 in Schedule I to the Indian Stamp Act, 1899, shall be taken to be the value of the right, title and interest affected within the meaning of this article :

Provided that—

(*a*) if a patta or lease* given to any raiyat, and the kabuliyat or counterpart of such lease executed by such raiyat, be presented for registration *at the same time*, the fee payable for the registration of the patta shall be half of what would have been payable if the patta alone had been presented, and the fee payable for the registration of the kabuliyat shall be equal to that payable for the registration of the patta ;

(*b*) an instrument so framed as to come within two or more descriptions of the document enumerated above shall, when the fees chargeable thereunder are different, be charged with the highest of such fees ;

(*c*) the fee on any instrument comprising or relating to several distinct matters shall be the aggregate of fees with which separate instruments, each comprising or relating to one of such matters, would be chargeable ;

(*d*) when a document which has been executed by only some of the parties to it is presented for registration, the other parties or any of them may attend and execute the document and admit execution thereof without the payment of any further fee, so long as a certificate of registration has not been endorsed thereon and duly signed, sealed and dated under section 60 ; but if the registration of the document has been completed, it must be presented afresh for registration, and a second fee shall be payable ; and

(*e*) the fee leviable for the registration of a document purporting to give collateral or auxiliary or additional or *substituted* security, or security by way of further assurance, where the principal or primary mortgage is proved to the satisfaction of the registering officer to have been duly registered, shall be the same as for the principal or primary mortgage, if the same does not exceed Rs. 4, but shall in no case be more than Rs. 4.

D. The fee for the registration of an agreement for personal service shall be Re. 1 only.

---

* A lease should be *prima facie* a raiyati lease, that is, a lease granted to a raiyat for purpose of cultivation, to entitle it to the benefit of the article.

† An instrument acknowledging the receipt of payment of any sum of money by way of consideration, rent or otherwise should be charged with registration fees on the *ad valorem* scale fixed under article A. Where such an acknowledgment or receipt is a *separate* or subsidiary instrument referring to the same transaction, then if the principal document has *not* been registered, the provision of paragraph 1 of article B should apply, *i.e.*, fee on the *ad valorem* scale under article A should be charged for the separate or subsidiary receipt. (*ii*) For a general power	4

NOTE 1.—A single fee shall be levied for the attestation of a power-of-attorney whatever may be the number of signatories to it, provided that all of them appear *simultaneously* for examination. Where they do not so appear, a separate fee shall be levied for each set of persons appearing at the same time.

NOTE 2.—The duplicate or the triplicate of a power-of-attorney presented for authentication shall be treated as a separate power and a separate attestation fee levied therein.

M. *For every copy of memorandum of a document to be forwarded to another office under sections 64, 65, 66 or 67, there shall be paid an extra fee equivalent to that payable under article A, B or E. :

N. Besides the fees payable under articles A, B, C, D and E there shall be paid for the registration of every document of such length as to occupy more than two pages of the register, an extra copying fee at the rate of eight annas for every page or part thereof in excess of the first two pages.

* The fee for a copy should be designated M (*a*), and that for a memorandum M (*b*).

Mode of Calculation.

Assuming 300 words to the page, such copying fee may be calculated by counting the number of words in the documents or, if no such calculation is made by the party presenting the document, the registering officer shall estimate the number of pages likely to be thus charged for, but the fee shall in every case be payable on presentation, and in case of miscalculation the document shall not be returned until any deficiency in the fee levied is made good.

Example.—A conveyance is presented for registration containing 1,350 words. If the party presenting the document certify to this fact, the registering officer will at once proceed to charge a fee for three pages (1,350 – 600 = 750), *i.e.*, Rupee 1-8 annas. If the number of words is not known, the registering officer may charge for two extra pages, or Rupee 1 only, and the deficiency of eight annas must be made good before the document is returned.

O. When a document remains unclaimed for more than one month after completion of registration, a fee of eight annas shall be charged for every month or part of a month beyond the first month after such completion. The total amount of such fees shall not exceed Rs. 10 in any case.

P. When a document remains unclaimed for more than one month after refusal of registration, a fee of eight annas shall be charged for every month or part of a month beyond the first month after such refusal. The total amount of such fees shall not exceed Rs. 10 in any case.

Note referring to articles O and P.

A Registrar is empowered to remit, in whole or in part, the fees chargeable under articles O and P in any case in which it appears to him that the realization of such fees would be clearly productive of injustice or hardship.

No. F.-136-I/28-A.—Under Rule 18 of the Indian Legislative Rules the Governor General has been pleased to order the publication in the *Gazette of India* of the following Bill together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information :—

L. A. BILL NO. 23 OF 1928.

A Bill to provide for the removal from British India in certain cases of persons not being Indian British subjects or subjects of States in India.

Whereas it is expedient to provide for the removal from British India in certain cases of persons not being Indian British subjects or subjects of States in India ; It is hereby enacted as follows :—

Order of removal.

3. (*1*) The Governor General in Council may by order in writing (hereinafter in this Act referred to as a removal order)—

(*a*) declare that any person named in the order (not being an Indian British subject or the subject of a State in India) is a person to whom this Act applies, and

(*b*) direct such person to remove himself from British India within such time and in such manner and by such route and means as may be specified in the order and not to return thereto without the permission in writing of the Governor General in Council.

(*2*) A removal order may further direct the person in respect of whom it is made to appear before any Presidency or District Magistrate specified in the order and to execute a bond, with or without sureties, containing such conditions to ensure his good behaviour pending his departure from British India as may be specified in the order.

Execution and service of order.

4. (*1*) A removal order may be directed for execution to any officer of Government or may be directed to any Local Government and executed by any officer to whom it may be endorsed by the Local Government for execution.

(*2*) The order shall be served on the person in respect of whom it is made in the manner provided in the Code of Criminal Procedure, 1898, for service of a summons, and upon such service such person shall be deemed to have had due notice thereof. V of 1898.

(*3*) The Governor General in Council or any Local Government to which a removal order has been directed, or any officer to whom such order has been directed or endorsed for execution under sub-section (*1*), may use any and every means necessary to enforce compliance with the order.

(*4*) In particular and without prejudice to the generality of the foregoing power, the Governor General in Council or the Local Government or any such officer as aforesaid may require the master of any ship which is about to depart from any port in British India to receive the person in respect of whom the removal order has been made and his dependants, if any, and to afford him or them, as the case may be, a passage to any specified port outside British India to which the ship may be bound.

(2) No Court shall take cognizance of an offence under this section save upon complaint made by order of, or under authority from, the Governor General in Council.

(3) No Court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence under this section.

Refusal to execute and forfeiture of bonds

6. (1) If any person who has been directed by a removal order to execute a bond for his good behaviour refuses to execute such bond or fails to provide to the satisfaction of the Presidency or District Magistrate, as the case may be, any sureties which he may be required by or under the order to provide, he may be committed to and kept in such custody as the Governor General in Council or the Local Government may direct pending his removal from British India.

(2) A bond taken under this Act shall be deemed to be a bond taken under the Code of Criminal Procedure, 1898, and the provisions of section 514 of that Code shall apply accordingly. V of 1898.

Finality of removal order and indemnity.

7. No removal order shall be called in question in any Court or by or before any other authority whatsoever, and nothing in section 491 of the Code of Criminal Procedure, 1898, shall apply to any person who has been committed to custody under section 6 or any other person in respect of whom a removal order has been made; and no suit, prosecution or other legal proceeding whatsoever shall lie against any person in respect of anything in good faith done or intended to be done under this Act. V of 1898

STATEMENT OF OBJECTS AND REASONS.

Evidence has accumulated recently of the subversive intentions and activities of the Communist International generally, and in particular of the efforts it is directing against India. The general policy of the Communist movement is to rouse a spirit of discontent and lawlessness in the masses, whether industrial or agricultural, with the ultimate object of destroying by violence both the Government established by law and the present economic organisation of society and substituting what they describe as the dictatorship of the proletariat. For the promotion of this movement, in India as in other countries, the Communists depend largely on the work of propagandists who are despatched to the country for the purpose of forming organisations intended to promote and spread communistic ideas and doctrines, and of creating general unrest among the masses. It is not reasonable that these agents of communism, if they happen to obtain entrance into India, should be allowed to stay in India with the object of undermining the whole structure of the life of the community. The Bill, therefore, is designed to provide a power of removing such persons provided that they are not Indian British subjects or subjects of a State in India. Clause 2 has been drawn so as to define, as strictly as possible, the class of persons against whom these powers can be exercised.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary forecast of the Bhadoi Crops of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under autumn rice in Bengal has represented some 6·0 per cent. of the total area under rice in British India.

Character of the Season.—At the outset drought during February and March interfered in some places with the preparatory tillage and sowings. In April and May, however, the rainfall in West Bengal was generally moderate and was above the average in East and North Bengal. As a consequence sowings and germination were, on the whole, satisfactory. Subsequently timely monsoon showers generally favoured the growth and development of the crops, but slight damage was caused by excessive rain and flood in the 24-Parganas, Nadia, Murshidabad, Midnapore, Howrah, Malda and Bakarganj. On the whole, the season may be regarded as a favourable one.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,391,700 acres as against 5,828,900 and 5,833,100 acres respectively in the corresponding and final forecasts of last year. Of this, the area under *autumn rice* is estimated at 5,599,600 acres as against 5,069,400 and 5,072,400 acres respectively in the corresponding and final forecasts of last year. The increase in area is attributed to favourable weather at the time of sowing.

Outturn.—According to District Officers' estimate the outturn of the different *bhadoi crops* for the Presidency works out at 80 per cent. of the normal this year as against 76 and 80 per cent. respectively in the corresponding and final forecasts of last year.

The **autumn rice** is estimated to yield an outturn of 80 per cent. of the normal for the Province this year as against 85 and 80 per cent. respectively in the corresponding and final forecasts of last year. It is my opinion that the outturn of autumn rice is an under-estimate and that the crops will not fall short of 95 per cent. of the normal this year.

The increase in area in some cases is due partly to decrease in jute cultivation owing to low prices last year. The weather has not been favourable. The weeding was hampered by excessive rain. The outturn is anticipated to fall much below the normal owing to the fact that in Kushtia and Ranaghat subdivisions some damage was done by flood due to excessive rains and insects, while want of rain was felt in some parts of Sadar and Meherpur.

DEPARTMENT OF AGRICULTURE.

First Forecast of the Winter Rice Crop of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under winter rice in Bengal has represented some 18·4 per cent. of the total area under rice in British India.)

Character of the season.—During the months of February and March the weather continued practically dry excepting for occasionally light and scattered showers in some North and East Bengal districts. Preparatory tillage for deep-water paddy progressed slowly. In the first part of April moderate rain fell almost all over the Province facilitating sowing of deep-water paddy generally. Good showers in May helped the sowing of transplanted winter paddy in seed-beds and benefited the growth of the germinated deep-water paddy crop. The monsoon having established itself earlier than usual, transplantation of paddy seedlings commenced in good time. Good rainfall in July and August greatly favoured this operation and about normal sowings are expected for the Province as a whole. The present outlook, so far, is very promising although slight damage by excessive rain is reported from places.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice is 15,112,700 acres as compared with 13,193,900 and 13,210,100 acres in the corresponding and final forecasts of last year. The increase in area is attributed to favourable weather at the time of transplantation.

Outturn.—From the summary of the district returns appended, it will be seen that Khulna reports more than a normal crop, seven districts expect a normal crop and the rest 75 to 95 per cent. of the normal.

According to the above estimates, the Provincial outturn works up to 93 per cent. as against 79 and 78 per cent. of the normal estimated respectively in the first and final forecasts of last year. I consider the outturn as expected at present may be placed at normal or 100 per cent.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th September 1928.

Summary.—During the week the rainfall was generally light to moderate. More rain is needed for the steeping of jute in highland tracts and for the growth of standing crops generally. Preparatory tillage for sowing of early *rabi* crops continue in some West Bengal districts. Transplantation of winter paddy is approaching completion. The outlook of standing crops is reported to be satisfactory. Distress continues to prevail in parts of Birbhum, Bankura and Dinajpur where the number of persons employed on test-relief works is reported as 1,371, 2,533 and 296 respectively. The average price of common rice for the province has fallen by about 0·20 per cent. as compared with that of the previous week.
